PROFESSIONAL SUMMARY

Dedicated Computer Science and Engineering student at BRAC University with a strong foundation in Java, Python, and Object-Oriented Programming (OOP). Experienced in backend development, notably with Django, and possessing a growing expertise in LLMs and Machine Learning. Adept at data collection, market research, and algorithmic problem solving. Seeking to leverage technical skills, analytical thinking, and cross-functional communication abilities to build impactful software solutions and contribute to dynamic research or internship opportunities.

TECHNICAL SKILLS

- **Programming Languages & Frameworks:** Java (OOP, Data Structures, Algorithms), Python, Django, HTML, CSS, JavaScript, MySQL.
- **AI & Machine Learning:** LLMs, Artificial Intelligence, Prompt Engineering (Level 1 Certified)
- **Core Competencies:** Data Structures, Algorithms, Object-Oriented Programming (OOP), Database Management System (DBMS), Back-End Logic, Time Complexity Analysis
- **Research & Analytics:** Data Collection, Market Mapping, Industry Analysis, Data Validation, NumPy, Pandas, Matplotlib

PROFESSIONAL EXPERIENCE

Auron Ventures | Dhaka, Bangladesh (Remote)

Industrial & Marketing Research Intern | 06/2026 – 08/2026

- Conducted comprehensive industry analysis and market mapping for the Security Bolt seal and Microfiber towel industries in Bangladesh.
- Executed deep-dive data collection and validation, ensuring high data accuracy and a structural understanding of complex industrial markets.
- Collaborated closely with the business operations team, honing cross-functional communication and presentation skills.

- Achieved a 94.3% overall evaluation rating for analytical independence, initiative, and strong work ethic.

CodeAlpha Software Company | Remote

Java Developer Intern | 01/2026 – 02/2026

- Successfully developed and delivered 3 comprehensive software projects during an intensive internship program.

BRAC University Computer Club (BUCC) | Dhaka, Bangladesh

General Member – Human Resource Department | 06/2025 – Present

- Organize events, manage member engagement, and maintain effective inter-departmental communication within the club.

TECHNICAL PROJECTS

- **Stock Trading Platform Simulation:** Developed a stock manager console utilizing Object-Oriented Programming (OOP) principles in Java.
- **Hotel Reservation System:** Designed a comprehensive system incorporating room categorization and dynamic booking management using Java.
- **Student Grade Tracker:** Built a Java-based application to efficiently manage academic data and automatically calculate grade summaries.
- **5-Bit Sorting Network:** Implemented a hardware-based sorting network using logic gates on a trainer board to process a 5-bit input and prioritize all 1s.
- **To-do-List WebApp:** Developed a web-based note-taking application for personal task management.

EDUCATION

BRAC University | Merul Badda, Dhaka

Bachelor of Science in Computer Science (BSc in CS) | 06/2024 – 09/2028

- Cumulative CGPA: 3.35 (Current Semester: 7th)
- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management System (DBMS), Artificial Intelligence, Computer Networks.

Birsthrestha Munshi Abdur Rouf Public College | Dhaka, Bangladesh

Higher Secondary Education (HSC) | 03/2022 – 10/2023

- GPA: 5.00
- Awards: First Prize winner in the National Level English Extempore Speech Competition (Lalbagh Thana).
- Activities: Member of the Language and Debate Club; Taught debate workshops to juniors.

CERTIFICATIONS

- **AI+ Prompt Engineer Level 1™** – AICERTs
- **Fundamental AI Concepts** – Microsoft
- **Use AI for Everyday Tasks** – Microsoft
- **Ask, Create, Edit, Optimize & Summarize with Microsoft 365 Copilot** – Microsoft
- **Introduction to Microsoft Copilot tools and their real-world applications** – Microsoft
